**Message from the SLWLA Board of Directors**

Harry Herdrich posted on the SLW Message Board on February 17th, followed by a repeat of his post by Mercedes Herdrich on the SLW Facebook page. He has posted information that is erroneous and is libelous. The time has come for this community to become one again and such comments, innuendo and false statements need to stop. The BOD has and will continue to work tirelessly for the good of the community and refuses to allow certain members to continue to stir up members with false accusations.

**The Board met in Executive Session** to discuss a legal contract as well as some individuals, both of which are permitted reasons under Roberts Rules of Order, the North Carolina Planned Community Act, and the SLWLA By-Laws. If a member feels the Board has violated procedure or law, it is incumbent upon the member to ascertain correct facts before publishing a statement, and Mr. Herdrich failed to do that. Member feedback is critical to the board but false, self-serving accusations should not be tolerated and we will ask the Community Advocate to address this behavior. The idea that the President of the Board needs to be called before the Community Advocate for possible referral to the Judicial Panel for a legal meeting is based upon misinformation and should be retracted. Mr. Herdrich owes the Community and the Board an apology.
