*Re: Seven Lakes West Landowners Association, Inc.*

Dear Mr. Wicker:

We write as counsel to Seven Lakes West Landowners Association, Inc. (the "Association") in response to your letter dated April 8, 2021. It is our belief that it would not be appropriate for the directors to discuss their decision-making or to expend member funds in order to engage us to prepare a substantive response to your letter without confirmation that your clients are indeed Association members. Therefore, please identify at least one of your clients, and, upon confirmation that he or she is an Association member, we will respond to your allegations. Thank you.

Very truly yours,

**ROBBINS MAY & RICH LLP**
